this book jared wilson shows what the gospel means for every aspect of our lives and our world nothing remains unchanged by god s story

many evangelical churches face the problem of the open back door even as new people arrive older members are leaving looking for something else combined with this problem is the discipleship deficit the difficult truth that most evangelicals are not reaching the unchurched at the rates they think they are in fact many of the metrics that we often count in the church to highlight success really don t tell us the full story of a church s spiritual state things like attendance decisions dollars and experiences can tell us something about a church but not everything to cultivate a spiritually healthy church we need a shift in our metrics a grace shift that prioritizes the work of god in the lives of people over numbers and dollars are people growing in their esteem for jesus is there a dogged devotion to the bible as the ultimate authority for life is there a growing interest in theology and doctrine a discernible spirit of repentance and perhaps most importantly is there evident love for god and for our neighbors in the congregation leading a church culture to shift from numerical success to the metrics of grace can be costly but leaders who have conviction courage and commitment can lead while avoiding some of the landmines that often destroy churches wilson includes diagnostic questions that will help leaders measure and lead team transparency in measuring as a group the relative spiritual health of their church as well as a practical prescriptive plan for implementing this metric measuring strategy without becoming legalistic most attractional church models can lean heavily on making changes to the weekend worship gatherings and while some of these changes can be good thriving grace focused churches are driven by a commitment to the gospel allowing the gospel to inform and shape the worship service and the various ministries of the church
